RESULT OF BATTLE DOUBTLESS DECIDES FATE OF SEAPORT

Capture of Famous Resort Worth a Good Many Antwerp—Taken for Granted That They Will Not Enter Without Fighting for Every Foot of the Way—Greater Part of British Reinforcements and Belgian Army Now Stationed in Threatened City—Strength of Allies There Not Known.

London, Oct. 12.—(12.30 p.m.)—The news of German movements between Antwerp and Ostend up to the present is so fragmentary and contradictory as to be almost worthless.

The Germans are maintaining their customary secrecy and are not admitting that they have taken Antwerp. Heavy and Dutch sources of heavy resistance to the Germans with numbers, are looked at askance nowadays.

The capture of Ostend would, of course, be worth the possession of many Antwerp to the lower plains, so it may be taken for granted that they will not enter the popular seaport without fighting for every foot of the way.

Depends on Battle
Great events, therefore, depend upon the result of the battle now in progress upon the line of Laasgney and Lens and the other operations connected therewith, and in which the German army corps released from the siege of Antwerp will try to take part.

The retention of Antwerp by the French, after fierce fighting during which the place was hit and retaken, is regarded as important to the town is well to the north of the city. There is no confirmation of the fact that the city population of Antwerp is being evacuated, and no news has been received here of any special hostile movements in that quarter.

Boston Braves Make it Three Straight in World's Baseball Series; Game Goes 12 Innings

Pennay Park, Boston, Oct. 12.—The Athletics, champions of the American league, twice vanquished by the Boston Braves, went to grips today with the National league winners in the third battle of the world's series. Some 25,000 spectators saw the Athletics make a desperate stand on the Boston field to save off a third defeat.

The Braves inspired by the home folks filled Fenway park, tried for a third victory that would enable them to twice topple over the American leaguers on their own grounds.

Twenty-four Forts on the Two Banks of the River Escart Said to Be Resisting With Energy—German Attacks Between Arras and the Oise Are Repulsed With Heavy Losses—Some Progress Made on the Plateaus on the Right Bank of the Aisne—Prussian Fall Is Taken.

Paris, Oct. 12.—(12.37 p.m.)—The following official communication was given out this afternoon:

"First, on our left wing, the cavalry engagements continued in the region of La Bassée, Estaires, and Hazebrouck, between Arras and the Oise, the enemy endeavoring to deliver several attacks which failed, notably between Lassaigny and Roye.

Second, on the centre we have made some progress on the plateau of the right bank of the Aisne, in front of Soissons, and to the east and south-east of Verdun.

Third, on our right wing, in the Vosges, the enemy delivered a night attack in the region of Ban Desepe, to the north of St. Die; they were repulsed.

The flag captured yesterday belongs to the sixth regiment of active Pomeranian infantry, No. 49, of the Twentieth corps of the Prussian army. The brigade of marine fusiliers was engaged all the day of October 9 and the night of October 9-10 against German forces, and repulsed them and at the same time inflicted heavy losses amounting to 200 men killed and 50 prisoners.

The French losses amounted to nine killed and 29 wounded and one missing. In the Belgian field, according to the latest information received, the Germans are retreating at the same time destroying the bridges.

In southern Poland between Ivangorod and Sandzimir, there has been artillery fighting with columns of the enemy, who have reached the Vislula.

The Russian fighting still continues with fierceness on the frontier of East Prussia. To the northwest of Iwke, the Germans are retreating at the same time destroying the bridges.

TOWN OF ANTWERP IS NOT SERIOUSLY DAMAGED BY SIEGE

Only Suburb of Berchem and Southeast Quarter of Town Suffered Badly.

GERMANS CONTINUED FIRE LONG AFTER EVACUATION

Ground Extensively Mined Around City But Traitors Warned Them.

London, Oct. 12.—(12.35 a.m.)—Antwerp was not seriously damaged by the German bombardment, according to the Chronicle's Amsterdam correspondent.

Only the suburb of Berchem and the southeast quarter of the town suffered badly.

Long after they had been evacuated the Germans continued firing on the town, and the city was not seriously damaged.

THOUGHT NIBE IS ACTING POLICEMAN

Officers Aboard South American Boat Stole Held Them Up.

New York, Oct. 12.—If the officer who was an American merchantman that reached port last night are not mistaken in their identification, one of the British warships now on guard off New York harbor is the Canadian cruiser Niobe.

The Canadian steamer was the Vauban, from South American ports. When she was outside the Ambrose channel last night, she was mistaken for the Niobe.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your house clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get any pharmacist a table-spoonful of a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to cure urinous, clogged kidneys; also to neutralize the acids in urine so it is no longer a source of irritation, thus ending bladder weakness.

Salts is inexpensive; cannot injure; makes a delicious effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

BRITISH AVIATORS WHO MADE RAID LOSE THEIR MACHINES AT ANTWERP

London, Oct. 12. (6:05 a.m.)—The British aviators who on Friday last made a successful flight to Düsseldorf and destroyed a Zeppelin, lost their machines after their return to Antwerp. It is said. They landed between the city and inner ring of forts just as the German artillery commenced firing. The machines, which were blown to pieces, but the aviators escaped in an armored motor car.

BATTLE AT LILLE THOUGHT BEING IMPORTANT ISSUE

Cavalry of Contending Forces Been in Contact for a Week—Officially Announced in Berlin French Division at Lille Completely Routed—All Attacks of Russians Are Said to Have Been Repulsed—Petrograd Remains Silent Regarding Struggle in East Prussia—Asiatic Cholera Said Be Spreading in Austria.

London, Oct. 12.—Except for a flood of vivid details regarding the fall of Antwerp, the British public has been practically cut off from news from the front for 12 hours. It is felt, however, that events of tremendous moment either are occurring or impending in the area about Lille where the cavalry of the contending forces has been in violent contact for a week.

The military critics for the London morning papers devote their space to speculation regarding the neutrality of Antwerp for German offense and defence. Most of them agree that unless Dutch neutrality is violated, Antwerp will be of no more use in forwarding the German purpose of making Zeppelins and naval raids on England than other places in Belgium which have been occupied for some time by the invaders. They agree, however, that for military purposes in the western theater of war the occupation of Antwerp is of supreme importance to Germany which now will be able to release several divisions to aid the advance.

Furthermore, the capture of the city will insure the lines of communication should retreat become necessary through Belgium.

Damage Not Great
Additional details of the shelling of Antwerp indicate that the damage was not as great as was at first estimated. The damage inflicted on the city by the German artillery may be off-set in great measure by the great destruction wrought on the German shipping in the harbor by the Belgians. An official communication from Berlin states that no information has been available as to the amount of booty taken in the town.

The same official statement asserts that on Saturday German cavalry completely routed a French cavalry division west of Lille, which indicates that the extreme limit of the western battle is within 20 miles of the straits of Dover.

It is officially announced in Berlin that in the eastern theater of war all attacks of the first and second Russian armies have been repulsed, while the same fate was suffered by the Russians when they attempted an out-flanking movement by way of Schipwind, east Prussia.

TWELVE THOUSAND GERMANS LOST IN BATTLE OF ARRAS

Brilliant Success for French, Enemy Being Driven From Ten to Thirteen Miles Back—Tentons in Hop Center Badly Hampered by Heavy Growth of Vines.

London, Oct. 12.—One of the correspondents in Paris of the Daily Mail, a message dated Saturday says: "A desperate battle was fought yesterday in the district to the north of Arras where the French and German forces have been in touch for many days. It ended in a brilliant success for the French army, the German forces being driven back ten to 15 miles. This was the decisive conflict in the Arras district, where the tide of battle

This Telegram is no Joke

A telegram, with the three words, "Kill all English," tacked to the end, caused a heap of trouble to Charles L. Gill, manager of the Pantages theater, who received the message about six o'clock Saturday night, from his mother-in-law, Mrs. Anne Gwynette, whom Mrs. Gill is visiting in Charleston, S.C.

Mrs. Gill has just had a visit to New York and other eastern points and was ending up her eastern stay at Charleston and about to return to Edmonton, states Mrs. Gill, when Mrs. Gwynette sent the following wire: "Dear Charlie, please allow me to keep my daughter for one more week, kill all English."

Mr. Gill says that this was meant as a joke, but within an hour after receiving it he was asked to call at the headquarters of the 19th Alberta Dragoon and explain. He tried to, but when he told the officer in charge that his mother-in-law was German, the officer's face became more serious than ever, and he vaudeville manager says he was almost dumfounded when he was virtually charged with aiding and abetting a spy!

The Dragoon officer told Mr. Gill that the words of the telegram preceding "kill all English" might be code and the surprised receiver of the wire is now held under bonds not to leave or attempt to leave the city until his wife has returned from South Carolina and proved that the wire was only sent as a joke. He has wired Mrs. Gill to return at once and also to wire the Dragoons that she is doing so.

GERMAN REINFORCEMENTS RUSHED TO FRONTIER OF RUSSIA BY EVERY ROUTE

Rome, Oct. 12.—German advices state that German reinforcements are being rushed to the Russian frontier, not only by train, but by sea from Stettin, Stralsund, Danzig and all the other available Baltic ports.

SAYS ALL RUSSIAN ATTACKS REPULSED

German Losses Reported to be Light While Muscovites Lost Many

At the Front at Wilhelms, Russia, Poland, Oct. 12.—The Russians finally have decided to take the offensive. The Germans heretofore have often complained that the enemy, though twice stronger numerically, refused to leave their trenches but for the last three nights the Russians have attacked along the entire front extending 60 miles, from about Wilkowsk, north of Augustowo, to a point below Lyck, each Prussia. The attacks were repulsed, however, the Russians losing heavily while the German losses were light.

No wounded were seen from Stalluponen, east Prussia, to the front line, which your correspondent reached in the afternoon (date not given). The Russians had just begun an attack on the German left wing, but it was quickly repulsed, the firing lasting about 20 minutes.

The Russian artillery which evidently has been reinforced by heavy artillery, from Kovno, at times shot well, but often their shells fell short of the position of the German artillery.

Great damage has been done everywhere in the country in which the fighting has been raging and several villages have been burned. In the German soldiers everywhere are in great need of spirits. They are well provisioned, as the supply arrangements are well working with a hitch. All the roads leading from the fighting zone are filled with refugees, carrying their household goods, many of them driving their cattle before them.

GERMANS UNABLE TO CHECK JAPANESE AT KIAO CHAU POINTS

Tokio, Oct. 12.—The following official statement relative to the Japanese operations around Tsing Tau, seat of government for the German protectorate of Kiao Chau, was given out here today: "The German forts, warships and airplanes are trying vainly to arrest the Japanese advance. We are sustaining no damage. "Japanese warships silenced. His fort and destroyers were out of range of their guns. Our aviators answered an unsuccessful attack by German flying boats with machine gun fire. Japanese warships were damaged by flying boats. The day's day produced \$1,500 for children's home needs."

EXPLOSION OF LISBON GAS WORKS KILLS AND INJURES OVER HUNDRED

London, Oct. 12.—(2:14 a.m.)—A hundred persons were killed or injured in Lisbon, Portugal, Saturday night by an explosion at the Lisbon gas works, according to a despatch to Reuters from the Portuguese capital. The explosion caused a fire in which the force of the gas was trapped.

THE NEW DEAL WANTED: BANKING FOR PRODUCTION.

In the respect that it is a system designed to accommodate the financial and mercantile interests of the country, with the production interests nowhere, the Canadian banking system is proving itself incapable of adjustment to the requirements of this dominion when the hour arrives—as it has now arrived—in which the country must go forward on its production alone and depend for its prosperity upon the growth of bona fide industry.

The practices of Canadian banking are too well understood to require capitulation. In the average branch bank the regular loans are to individuals or firms actively engaged in business. Against each of these is deposited the collateral required by the bank. The understanding is that the loan must be "kept alive," which means that a certain retail must be made at each maturity date. In all but most exceptional cases the term of the note is brief, one, two or three months. The bank may require more collateral at any time, although it seldom relinquishes any. In other words, upon failure to retire a note in full at its first maturity date, the banks may refuse to re-lend an assignment of all the individual or firm's available assets.

Applied to the mercantile system it must be admitted that this practice, on the whole, works reasonably well, and applied to finance—or to give it the less euphonious title, stock gambling—it works altogether too well. The practice with these latter interests is to advance on a collateral of stocks, usually through a brokerage house. By the working out of this system, the customer, buy through the brokerage house a certain stock, standing at anything, but say 100 points. The stock remains in the hands of the brokerage house and is deposited as collateral, the house having an accommodation of, say, 90. The brokerage house pays the bank a certain interest and charges the customer a little more. In effect, the bank carries the stock. The "financier" simply gambles on margin. To what extent the banking power of Canada has been absorbed by this system can only be conjectured, the necessary appearance of balance sheet and monthly statement affording the man in the street no enlightenment as to what amounts, beyond those marked as "call" loans, of the public's money in the hands of the banks has been disguised as "regular" and classified under current account. Everyone who has ever been behind the wicket in one of the eastern city banks knows, however, that when the balance day comes round there is some very artistic manipulation of figures to give the business the appearance of legitimacy. It is only in a time such as the present, when the stock-exchanges are suddenly closed and the whole speculative collateral is unexpectedly locked up in cold storage—in a state of coma, for the time being—that an insight into what is doing can be gathered. Even now there is a deep secrecy about the whole thing which does not look good for Canadian stability. But upon the close of the stock exchange in New York it was suddenly discovered that Canadian banks had some hundred and thirty-three million dollars locked up there and even at the date of the subsequent monthly statement, and on the banks' own statement, this was still set at close to one hundred million. Considering that this occurs at a time when Canadian production requires money in the very worst way and the opportunity is presented to make the best use of it, this condition is bad enough. But it takes no account of the amount of the public's money that has been handed out for the accommodation of the stock gamblers on this side of the line. What this aggregate is it would scarcely be possible to even guess, but the Toronto Financial Post, which should know, published an item on September 19 in which it stated the stock loans in Canada to be "about \$400,000,000," an aggregate which, if anywhere near correct, means that approximately one-half of the banking power of Canada has been devoted—through this and the New York "calls"—to the uses of stock gambling, an activity which does not add one dollar to the sum of Canada's wealth. How much of this is now tied up in cold storage, and how badly for how long, of course, none but the bank magnates know and they, at the present time, are not making much of an advertisement of it.

While something like this is the condition in the speculative sphere, there is the producing end of Canada's business languishing for lack of accommodation with which to carry on and expand to the extent justified by the gigantic demand suddenly presented for Canada's natural products. So far as the farmer is concerned, everyone who has had the experience knows that the farmer cannot get the accommodation which the nature and stability of his enterprise justifies on any conditions. And even though the banks were prepared to give him the same rating and the same accommodation as a mercantile house or a financial institution, this would not come anywhere near meeting his requirements. The farmer has no use for a three months' note. With crops, hogs, sheep and poultry maturing only once a year, with cattle maturing in three years and horses in four, short-term accommodation such as is extended to mercantile lines would be simply aggravation. What he needs is something entirely different; a credit which, in its duration, will be made to synchronize with the time it takes for his products to mature.

To extend such a credit upon the terms necessary to the farming business all over Canada would be simply impossible under the banking system as at present in vogue. The whole chartered bank currency of the dominion is only a little over a hundred million and the aggregate banking power of all the banks not much over a thousand million. An agriculture expanding on the scale we are at the moment, might achieve the desired result provided it were undertaken upon a sufficiently comprehensive scale. Such a system, however, would require to be safeguarded—through the intermediary of some interest sufficiently closely in touch with the farmers of each locality to be intimately acquainted with the moral risk of each. Otherwise it would inevitably become loaded up with the bad paper of slovenly and unsuccessful farmers. Furthermore, such a system would require the shifting of the franchise to issue notes from the banks back to the government. Otherwise the chartered banks would retire the federal notes as rapidly as they were given circulation through the discounting house in order to substitute their own, just as they are now retiring gold from circulation and shipping United States dollars back across the line.

The effect of such an action upon the part of the banks, would be that the government would very quickly be carrying all the capital, instead of the public carrying several million of it in the form of federal notes in circulation in the ordinary process of business. With such an arrangement, the chartered banks could go right ahead doing their regular business in the same way they are today, except for the circumstance that they would be without the franchise to issue notes. Certainly the government would be invading no territory of theirs when it undertook to arrange for accommodation to the agricultural business.

Such an arrangement would, however, invade a franchise—the note-issuing franchise—which some very powerful interests in Canada regard very jealously, and for this reason and for the reason that most of our public men are friendly to, if not actually committed to, these interests, the legislation necessary to bring it about is not likely to be secured except as a concession to a most vigorous demand from the people of Western Canada.

The signs portend that this demand will surely come.

J. D. McArthur and Party Take Jant Along New Line to Prince George

TRUST BUILDING FOR JASPER AVENUE WEST
C. A. Adamson, Manager, Well Satisfied With Conditions in City

J. D. McArthur, of the J. D. McArthur Construction company, and a party of local and Winnipeg business men took a trip over the G.T.P. to Prince George last week and spent part of the weekend on their way east at the Selkirk hotel. In the party were Mr. McArthur, J. A. Thompson, president of the National Paying company; C. A. Adamson, manager of the Western Trust company; R. F. Hay, a Winnipeg

businessman; Dr. J. K. McLennan, of the Edmonton, Dunsmuir and B.C. railway; Frank Morgan, local manager of the Ames-Holmes-McCarthy shoe company; and Thomas Walden, of the Marshall-White company. Mr. McArthur and the others in the party saw more resources than they expected in the country between here and Prince George, especially when Mr. Adamson stated that the idea which struck him, being a prairie man, was the great wealth which would have to be incurred in developing the varied resources which lie along the new road.

Mr. McArthur, who is the head of the E.P. and B.C. and the A. and C.W., the two new roads which are being pushed so energetically, despite the financial condition of the world, into the territories north and west of Edmonton, denied that his visit to Prince George had anything to do with the reported connections of the E.P. and B.C., which is guaranteed to the B.C. boundary, and the Pacific Great Eastern, a G.T.P. subsidiary being built from Vancouver to Prince George and from that point northeast to the Peace River country by Foley, Welch and Stewart. It is generally believed that the two roads will join at the Alberta-B.C. boundary and form a very important system, either alone or in connection with the G.T.P., to the Kitchener of railway construction in western Canada, said that the trip was for other business.

He stated, however, that the time would no doubt come when both the E.P. and B.C. and the Canada Central, a subsidiary line running to Peace River Crossing, would be extended west and perhaps also north along the west bank of the Peace river above the Crossing.

Mr. Adamson, manager of the Western Trust company, who has been in the city and especially at the old Presbyterian church property, which his company, the Western Trust, owns, and went away with a higher opinion of Edmonton, compared to other cities, than when he came. Had it not been for the war and the many other things which followed in its wake, the Western Trust would have built a fine office building on at least part of the valuable site at the corner of Third and Jasper and been doing business before this. As it is, the building is postponed for some time. It is a western concern, having its headquarters at Winnipeg and a branch at Regina.

LILLE COMPLETELY EVACUATED BY THE GERMANS: HE SAYS

Correspondent Says Teutons Make Desperate Efforts to Elude Allies

ENEMY DRIVEN BACK NORTH EAST OF LENS

Savage Fighting in Streets Continual But Kaiser's Army Finally is Repulsed

London, Oct. 12.—(2.05 a.m.)—The correspondent of the "Daily Mail" in France under date of Thursday noon, in describing the battle at Lille which has reached its fifth day, says: "Yesterday the French force firing over Lens at the German position near the village of Loison, wrought immense damage and the German advance from the northeast here received an effective check, the Germans, according to the latest information, retiring about eight miles."

"The battle began Sunday when the Germans made a desperate attempt to escape the encircling movement of the allies' left wing. A violent series of engagements occurred Sunday afternoon between the Germans and the French Infantry occupying the town of Lille and its surroundings. Savage fighting was continued in the streets and suburbs until Monday morning, when the enemy was finally repulsed."

"On Tuesday a fight occurred between the French and a big army stretched along the whole eastern, northern and northwestern suburbs of Lille. The battle raged all day long and well into the night, and the French guns wrought havoc. The German Infantry fire was ineffective and the battle ended with the complete rout of the enemy, and the German Army retreating to the German frontiers. Touring army, which had been intended to cover the flank of the main body advancing on Lille and Arras was driven back 13 miles."

"The following day the Germans gradually retired east and north and today I hear they have been driven back to the northeast of Lens with heavy losses."

"Late tonight comes news that they have completely evacuated the Lille district, that the great Lille ring is a ring no longer and that all that is left of the ring is between two wavering lines, one pointing northeast and the other southwest. Lille stands between, unhurt."

Buffalo is to have new Pennsylvania railway freight houses to cost \$100,000.

AUTO COLLIDES WITH POLICE AMBULANCE; TWO KILLED AND FOUR HURT

Minneapolis, Oct. 12.—Miss Katherine G. THOUGHT KING'S DEATH HASTEN PARTICIPATION OF ROUMANIA IN SCRAP

Rome, Oct. 12.—The death of King Charles of Rumania has caused a great impression here. Although he was very old and not well, no previous news had given the impression that his condition was serious. There was a belief his death may hasten participation of Rumania in the war.

A Few War Atlases Left---Get One Now

The world has never seen such a terrible war as is now raging in Europe. Millions are in the field, millions of women are at home sorrowing. The harvest fields are trampled by armed men riding to battle. Armored ships plow the seas with guns ready. Airships whirl through the air dealing death. A whole continent has gone suddenly mad.

It is almost impossible to read the moves of this war intelligently without the aid of the maps in a good atlas.

The Daily Capital Atlas contains colored maps of the world, Europe, Russia, England, Germany, France, Belgium, Servia, Austria, together with their colonies and possessions in all parts of the globe, also pictures of the principal leaders, battleships, submarines and Zeppelins.

Every man and woman in Canada is keenly interested in the outcome of this great war. The situation can be studied only with up-to-date clearly-defined maps, such as you will find in this war atlas. History is being made today as it never was before.

The subscription price of the Daily Capital, payable in advance, to city subscribers is \$2.00 for six months or \$4.00 a year delivered at your door; to country subscribers by mail \$1.50 for six months or \$3.00 per year.

For every six-months subscription received while the supply of atlases lasts we will give one atlas free.

One who is now a subscriber may get one of these atlases by forwarding the price for a renewal for six months after the date his present subscription is paid to.

Better still, if a subscriber whose subscription is paid induces a friend to subscribe for six months to the Daily Capital we will forward each an atlas free.

What the Theater Press Agents Say

GEORGIA MINSTRELS
One hundred laughs in as many minutes constitutes the bill of fare when the Richards and Pringles minstrel troupe appear at the Lyceum Theater. The show has lost nothing of its charm during its sojourn of 30 consecutive seasons through this country. The regular minstrel first part is full of acts that one delights to hear, "Silver Threads Among the Gold," being rendered by an old colored gentleman of 75 years in such a manner the audience yields its approval. As it is 15 years since this organization was seen here it is anticipated that the Empire will be taxed to capacity at each performance. Special matinees will be given daily, and 25 per cent. of the receipts from Tuesday's matinee will be given to the Patriotic fund. Undoubtedly a crowded house will be present to assist this worthy cause and at the same time take pleasure in an excellent afternoon's amusement.
PANTAGES PROGRAM
SHOULD BE A RIOT
An exceptional opening at Pantages theater Monday. Last week it was a riot in Winnipeg and Edmonton theater goers will surely appreciate it. The added attraction for the week will be the return of Maurice Samuels and his players in the thrilling story of Immigrant life, entitled "A Day at Ellis Island." Samuels scored a big hit with this as his vehicle last season and should repeat. The added attraction for the week will provide all the thrills ever wanted when the Oxford Trio will be seen in some daring acrobatics, the feature of which will be a game of basket ball on wheels.
Agnes Von Bracht returns to render some pretty songs. She will be remembered as the girl with the rich soprano voice in the act, entitled "The Princess of Karna," which played over Pantages last season.
Dwyer and Merrill will be seen in bits from musical comedy and both of them can sing and have a good line of talk.
Nadell and Kane will present a breezy line of patter, breaking in here and there with pretty songs which are sure to please. They were the hit of the show in Winnipeg last week.

and the results of the herculean efforts of the ambitious producers have more than amply proved their expectations. The sweet, innocent, whole-hearted devotion of the beautiful Nydia for Glaucus, the young and noble Greek, whose rescue from persecution, is a touch that remains throughout the entire presentation.
The whole eight reels are awe-inspiring in the splendor, their grandeur, the beauty and appeal of the finely constructed story for it is a graphic adaptation of England's renowned author, Bulwer Lytton, of this, his most successful work.
"The Last Days of Pompeii" has been shown the world over and almost always at the very topmost prices but the Empire management will play it in Edmonton for Monday and Tuesday at only the usual low prices of admission, giving an opportunity to all that should not be overlooked.
JOHN BUNNY COMEDY
LEADS BIJOU PROGRAM
"Thanking you all the better remembered if one attends the Bijou for this popular photo-play" theater presents a varied and excellent balanced bill.
John Bunny comedy is one of the features. With Mr. Bunny will be seen in the picture Flora Finch. These two artists are perhaps the two biggest salaries comedy players in the motion picture business. Bunny—rolund, smilingly, set as a berry—is inimitable and has made millions laugh. Flora Finch on the other hand is none the less a star actor, but unmercifully thin and typefying without makeup, the veritable "hen" of married man's experience. "Father's Flirtation" is the name of the picture in which they will be seen. It is a special two-part film.
The latest-Selig Weekly presents some war pictures and a number of the items show for the first time in Edmonton, pictures of the war and the people in Berlin. Great crowds of gallant soldiers before the Kaiser's palace, German artillery thundering through the streets and many other valuable and most interesting events of the war from the German capital are given. Under the Skin" is the name of another picture that will be exhibited

CIVICS AND VARSITY MEET
IN FIRST GAME OF SEASON

Contest Starts at Three O'Clock—Percy Hardisty and Whit Lailey Selected as Officials—Teams Prepared for Gruelling Struggle.

Varsity vs. Civics, the first rugby derby of the season for the Edmonton fans, is the bill of fare at Diamond park this afternoon, the contest commencing sharp at three o'clock. Two bits of thrills of admission to all parts of the field.

Percy Hardisty and Dr. Whit Lailey have been selected as the arbiters for today's contest. Both of them know the game thoroughly and can be counted on to handle it in a masterly manner. The other officials will be picked today.

Both teams are prepared for the struggle. Little is known of their comparative merits but from the way they show up in practice it would appear that they are evenly matched and will provide a struggle well worth witnessing.

Both squads indulged in good practices on Saturday, indulging largely in work not calculated to overstrain the players. Jimmy Hill will captain the Civics while the Varsity squad will be under the leadership of Deercott.

The Varsity line up will probably be as follows: Backs, Beecroft, Beatty and Parker; flying wing, Fraser; quarter back, James; scrumming, Riley, Kennedy and Dose; inside wings, Fitzgerald and Treley; middle wings, Parr and Anson; outside wings, McDonald and Brown.

Deacon White will not announce the Civics' line up until the team goes on the field. Almost every player on the squad has been trained to play more than one position. The players and their positions are:

D. Kinnaird, left middle and scrumming. McKewen, left middle and scrumming. Dykes, line half back and back.

HAMILTON TIGERS
WIN FROM ARGOS

Score 20 to 5—Game Ends in Fierce Thunderstorm.

Toronto, Oct. 12.—The Hamilton Tigers beat the Argos 20 to 5 in the opening game of the Big Four senior series before 2,500 people Saturday.

The game, which started under ideal weather conditions, wound up in a fierce thunderstorm, which left the field a quagmire. The Tigers were always in front. Several times the Argos threatened seriously, but as usual penalties for off-side interference prevented them really closing in on the champions.

The Tigers' play did not reveal any particular weakness, in spite of the loss of several of last year's stars. Their backfield played a remarkable game, and their line had the best of the argument in line punting. Lawson played a good steady game on the back division for Argos, and Smith and Buckle were also good. Captain Murphy will probably be Argonauts' best man. Davidson, distinguished himself by some grand tackling.

Giants Win. R. H. E. Americans 000 110 120 9—5 10 1 Nationals 010 000 120 1—6 12 3 Fisher and Nummacker; Marquard, Demaree and Meyers, Johnson.

WILD'S CUP ROAD
RACE RUN TODAY

Last Distance Race of Year Starts From Y.M.C.A. at 11 o'clock.

The third race of the season for the Wild's cup, takes place today from the Y. M. C. A. commencing at 11 o'clock. As this is the last race of the season in Edmonton, a large entry list has been received, among them being some of the best distance runners in the province. Three former winners of the Wild's trophy will face the starter, as well as a number of five milers who have run in this race on more than one occasion.

The race is five miles. Commencing at the Y. M. C. A., the course is north on First street to Norwood boulevard, along the boulevard to Namay, and north on Namay one and a half miles to Deechmont. The return route is made over the same course. The entire distance with the exception of a quarter of a mile before the turn, is paved road and fast time may be expected.

The race is a handicap, so that all runners have an equal chance to win the cup. Among the starters will be Rhythe, Schreder and Danham, former winners of the cup. Jack Buchanan, trainer at the Y. M. C. A. will act as official starter and handicapper.

BROWNS TAKE CITY TITLE
BY BEATING CARDS TWICE

St. Louis, Oct. 12.—The St. Louis American league club yesterday won the city series by defeating the Nationals 2 to 0, in the first game of a double header. The second game was tied at two runs, when called on account of darkness, after the seventh inning. The last game of the series is to be played today, but the Browns, with four games won and one lost, have victory assured.

Score: R. H. E. Americans 2 8 0 Nationals 0 1 2 Loch, Baumgardner and Agnew; Louie and Wingo, Snyder. Americans 2 7 0 Nationals 2 7 1 Wellman and Agnew; Perdue and Snyder.

IDEAL BASEBALL WEATHER

Boston, Mass., Oct. 12.—Clear skies and a moderate temperature, ideal playing weather, favored the third game of the world's series between the Philadelphia Athletics and the Boston Braves, to be played at Fenway park today. At mid-right more than 300 fans were in line in front of the park, of beds, many of them sleeping on floor of straw.

MONTREAL BEATS
OTTAWA AT RUGBY

Outkicked and Outran Opponents—Several Men Sustained Injuries.

Ottawa, Oct. 12.—The rejuvenated Montreal team established itself as a dangerous factor in the Interprovincial Football union Saturday afternoon by defeating the Ottawas in the opening game of the season at Lansdowne park. The Wizard Wheelers outlasted Ottawa after the first period and were finally winners by a score of 18 to 7. They outkicked and out-ran the home team, which only had a few of last year's regulars in line. Besides, Montreal shot through the Ottawa defense for big gains on trick plays. Coach McEwen developed a variety of false backs and combination plays that had home team bewildered at times. Both clubs suffered through injuries in the third quarter. Montreal had to drop Art Brophy, their brilliant center half, owing to a sprained ankle, and Bert Stronach retired from the Ottawa team with one of his knees torn again.

They escaped on a handcar and headed for Winnipeg but left the car a half mile this side of Jergen.

TORONTO VARSITY SUFFERS
A TERRIBLE CATASTROPHE

McGill Outplayed and Outgeneraled Opponents in Rugby Game, Swamping Them 25 to 1—Played on Slippery Ground.

Toronto, Oct. 12.—Ringing up the curtain on the intercollegiate rugby football season on the university campus on Saturday afternoon, McGill made a show of Toronto Varsity by beating the latter by a score of 25 to 1. Never at any stage of the play was there any doubt as to which was the better team and what the outcome would be. The teams presented a vastly different line-up from that which battled for the honors of the union in the memorable game played at Toronto a year ago.

McGill, through the infusion of new blood, is a stronger aggregation than that of a year ago, while, on the other hand, Varsity, although equal in strength is a much lighter outfit than has represented the Toronto University for some time. The visitors were badly outgeneraled by the locals, who smothered their trick plays and at the same time bewildered their opponents through the numerous false passes and line plunges they put over on them. Each count came through one of these plays, the points coming through four tries and five single punts, while the solitary point scored by Varsity was a lucky outburst through a long punt of McKenzie's to the dead line, after a penalty had put his team within a few yards of McGill's line.

Old Country Football

London, Oct. 12.—League football played on the ground of the first-named club, resulted as follows:

First Division

Bradford City 2, Aston Villa 0. Burnley 1, Sheffield United 2. Chelsea 3, Liverpool 1. Everton 4, Bradford 1. Manchester City 1, Newcastle U. 1. North County 1, Manchester U. 0. Sunderland 4, Bolton Wanderers 2. Tottenham U. 2, Middlesbrough 3. West Bromwich A. 0, Oldham A. 0.

Second Division

Walsley 2, Clacton 0. 1. Hirmingham 6, Stockport County 1. Blackpool 3, Notts Forest 0. Bristol City 2, Glossop 1. Burn 1, Barnsley 2. Derby County 1, Leeds City 2. Grimsby Town 1, Fulham 1. Huddersfield T. 2, Wolverhampton 0. Lincoln City 6, Hull City 3. Preston N.E. 1, Leicester Fosse 0.

Southern League

Gillingham 4, Swindon Town 0. Brighton and Hove A. 1, Portsmouth 0. Cardiff City 3, Luton Town 0. Crystal Palace 0, Exeter City 0. Norwich City 1, South End U. 1. Westham U. 1, Queen's Park R. 1. Plymouth A. 0, Millwall A. 0. Watford 2, Bristol Hovers 0. Southampton 3, Creighton Common 2.

On the offensive, the winners were most strong. They followed up in a much faster manner and their back-line was more deadly than that of Varsity. On the defensive, at times, the visitors showed great strength and for the first half gained their yards on downs more frequently than McGill. The local players were in the better condition, and as the game progressed they were their opponents down. Varsity showing greater signs of fatigue than McGill. Although the grounds were slippery and soggy, little advantage was to be gained by either from this, as the half-backs of both teams are fast, and will not doubt play faster on dry footing in the second half.

On the Varsity line-up only seven of the regulars of a year ago were in uniform, while McGill presented fever, newcomers, Rodden, Brown, Kennedy and Quilly being the four who did not, at some time, figure on the team a year ago. The most noticeable absentee from the Toronto team were Jack Maynard, who played at half-back, and Pete Campbell, who played at quarter. Crawford is one of the best quarters that Varsity has had in several years, and Lindsay, who replaced Maynard, was a tower of strength in his punting and tackling.

TIDE OF BATTLE
FLOWING SLOWLY
THROUGH FRANCE

Engagements in Woeyre District Continue to Take the Form of a Siege

SUBTERRANEAN PASSAGES
LEADING FROM TRENCHES

Allies Have Installed a System of Drainage Which Proves Very Successful

Paris, Oct. 12.—In contrast to the rapidity with which the Germans have conducted their campaign against Antwerp, the tide of battle is flowing slowly in certain parts of France. The engagements in the Woeyre district according to the statements of wounded soldiers who have been brought back from this territory continue to take the form of a slow and steady siege.

The German trenches in the Woeyre are in two lines, one behind the other, the outer most being furnished with quick firing guns, with outposts constantly on guard.

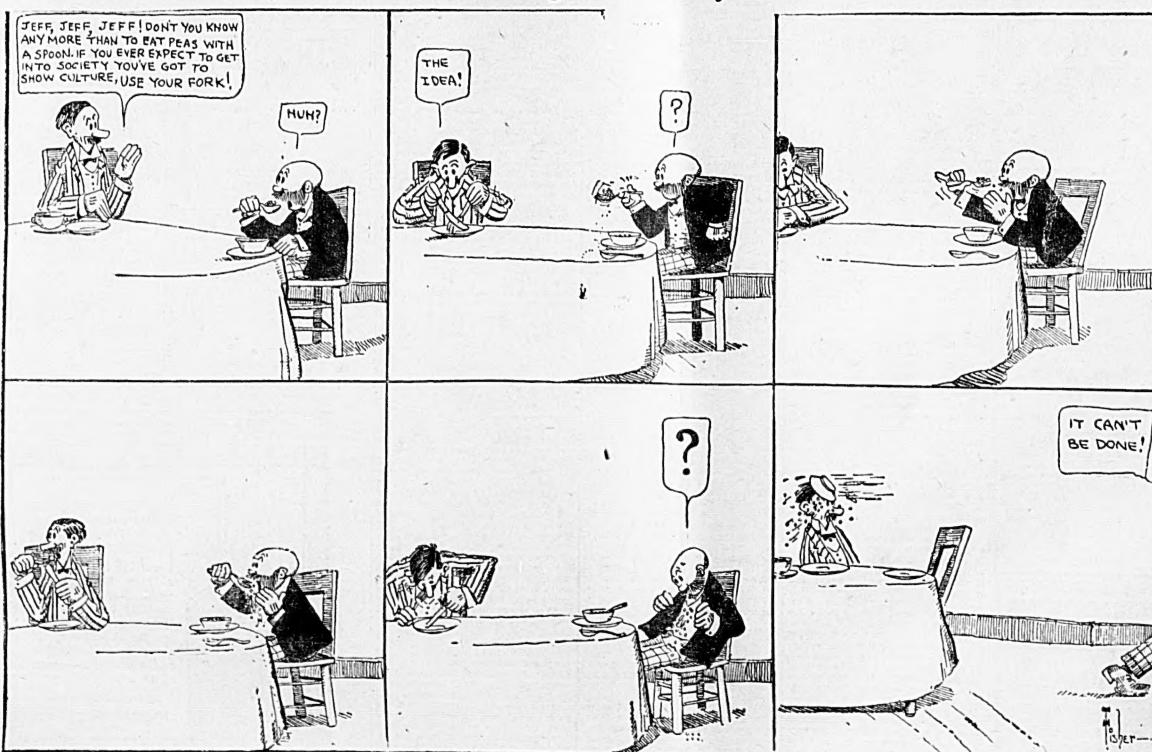

In the meantime the large detachments shelter themselves in the second line. These trenches are large and comparatively comfortable and at intervals they broaden out into subterranean rest rooms, in which the troops may sleep in comparative security. The first line may be reached from the second through underground passages.

The daily routine of the German forces in these trenches is carefully observed. The fire of their heavy artillery is determined through the study of maps and aerial reconnaissance and is directed mostly to the ravines and woods where the enemy is supposed to be.

The allies have just installed a system of drainage in their trenches, which, up to the present time, has been very successful. Drainage is a most necessary precaution as many of the troops are suffering from inflammatory rheumatism.
